

ADHD Reset Planner

A GENTLE, GUILT-FREE PLANNER

A word for you.

Couldn't keep the promise to write every day?

Hesitated even to open this planner again?

That's okay.

Even beautiful flowers bloom through countless winds.

Your path will have hardships too, big and small.

What matters isn't walking perfectly —

it's getting back up when you fall.

Heavy heart, fear, guilt today?

That's okay too.

**This planner just wants to be
a small guide that helps you rise, every time you fall.**

↳ If a hard feeling catches you today, come back to page one.
